

## NEWS PAPER 'SLIDESHOW'

...from the printing industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout. The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English. Many desktop publishing packages and web page editors now use Lorem Ipsum as their default model text, and a search for 'lorem ipsum' will uncover many web sites still in their infancy. Various versions have evolved over the years, sometimes by accident, sometimes on purpose (injected humour and the like).

principles of constitution of India

## Principles of the Constitution of India:

The Indian Constitution is a comprehensive document embodying various principles that form the bedrock of the Indian democracy. Here are some of the key principles:

- 1. Sovereignty:** The Constitution establishes India as a sovereign, socialist, secular, democratic republic. This means that the ultimate power resides with the people, and the government derives its authority from them.
- 2. Democracy:** The Constitution enshrines the principle of universal adult suffrage, ensuring that every citizen above the age of 18 has the right to vote and participate in the democratic process. It also provides for a multi-party system and regular elections.
